Hello there all you people! This is Marion County, and Buena Vista's the county seat, and I'm Eddie Martin that lives here. I created and drewed and sculptured, and built walls and everything, and listened to my heart. I always had a hope, that my dream would ring, and it's rung so true, that it's come here. And you can see, for you, and for you, and for all of you to share, that there is a new way that'll show you and keep you from strife, if you can be just a person and don't have to seek all these things in life that are not for you. The truth is for you, and the things that you see, but you don't wanna hurt anyone, like you, or me. So keep kindness in your heart and go on along, in keeping the rhythm, and keeping a song.
